# Wakefit files ₹468-cr DRHP with Sebi

ANEES HUSSAIN  
Bengaluru, June 27

**DIRECT-TO-CONSUMER (D2C)** home and furnishings company Wakefit Innovations Limited, filed its draft red herring prospectus (DRHP) with capital markets regulator Securities and Exchange Board of India (Sebi) on Thursday to raise ₹468.22 crore through an initial public offering (IPO).

The Bengaluru-based company's proposed IPO comprises a fresh issue of equity shares worth up to ₹ 468.22 crore and an offer for sale (OFS) of 58.4 million equity shares by existing shareholders, according to the DRHP filed with stock exchanges. The OFS will see participation from co-founders Ankit Garg and Chaitanya Ramalingegowda, along with investors Peak XV Partners, Verlinvest SA, Investcorp Growth Equity Fund, Redwood Trust, SAI Global, and Paramark Fund.

Peak XV is set to offload nearly 25 million shares, making up around 48.8% of the total OFS. Verlinvest and Investcorp Growth will divest 10 million and 5.45 million shares, respectively.

## D-STREET READY

■ Founded in 2016, Wakefit Innovations operates as a full-stack vertically integrated entity

■ Peak XV will offload **25 mn shares**, making up around **48.8%** of total OFS

■ Verlinvest, Investcorp Growth to divest 10 mn and 5.45 mn shares, respectively

■ OFS to see participation from co-founders Ankit Garg, Chaitanya Ramalingegowda and investors Peak XV Partners, Verlinvest SA, Investcorp Growth Equity Fund, Redwood Trust, SAI Global

■ Elevation Capital not to participate in firm's OFS

■ Equity shares proposed to be listed on both BSE and NSE

■ IPO comes at a time when firm has posted **21% y-o-y revenue growth** to **₹986 cr** in FY24

respectively. Its co-founders, Garg and Ramalingegowda, will collectively sell 12.1 million shares in the OFS.

Notably, Elevation Capital is not participating in Wakefit's OFS. Instead, the investor has parallelly been increasing its stake through secondary transactions, acquiring 203,000 shares from Wakefit employees at ₹1,600 per share since 2025, valuing the transaction at around ₹ 32.5 crore. This potentially signals Elevation's continued confidence in the company's long-term prospects.

Additionally, co-founders Garg and Ramalingegowda were allotted 2.6 million equity shares through a rights issue ahead of the planned listing, as per the DRHP.

Axis Capital Limited, IIFL Capital Services Limited, and Nomura Financial Advisory and Securities (India) Private Limited are serving as the book running lead managers. The equity shares are proposed to be listed on both BSE and NSE.

Wakefit's IPO comes at a

time when the company has posted a 21% y-o-y revenue growth to ₹ 986 crore in FY24. The company also trimmed its net loss by 90% to ₹ 15.05 crore in FY24 from ₹ 145.68 crore in FY23.

For the nine-month period ended December 31, 2024, Wakefit reported revenue from operations of ₹ 971 crore, with a net loss of ₹ 8.8 crore.

Wakefit plans to deploy the net proceeds from the IPO towards setting up 117 new company-owned company-

operated (COCO) regular stores and one COCO jumbo store, requiring ₹ 82 crore in capital expenditure.

Another ₹ 15.4 crore will be invested in new equipment and machinery. Nearly a third of the proceeds, ₹ 145 crore, will be allocated for lease payments and license fees for existing stores, while ₹ 108.4 crore will fund marketing and brand-building initiatives.

Wakefit has built flexibility into its fundraising plan, with the option to undertake a pre-IPO placement of up to ₹ 93.6 crore prior to filing the red herring prospectus with the Registrar of Companies (RoC). If executed, the fresh issue size would be reduced proportionately. Key risks highlighted in the DRHP include historical net losses, high dependence on the mattress category for revenue, and heavy reliance on its own sales channels.

Founded in 2016, the company operates as a full-stack vertically integrated entity, controlling every aspect from product conceptualisation and design to manufacturing, distribution and customer engagement.

# Jio adds 2.7 million new subscribers in May: Trai

URVI MALVANIA  
Mumbai, June 27

**RELIANCE JIO ADDED** 2.7 million new users in the month of May, according to telecom subscriber data released by the Telecom Regulatory Authority of India (Trai).

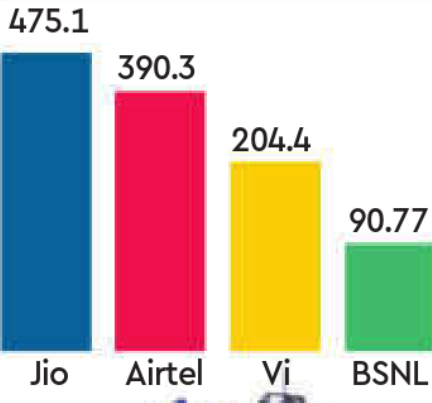

The country's second largest telco Bharti Airtel continued to see sluggish net additions at 275,621, though it added higher number of customers sequentially compared to April's 170,658 subscribers.

Vodafone Idea's net customer churn slowed month-on-month to 274,103 users as compared to 647,650 in April continuing the trend of lower net subscriber loss since February this year.

In May, state-owned telecom operator Bharat Sanchar Nigam Limited (BSNL) lost 135, 654 users, slowing the pacing of subscriber loss from 155, 000 users in April.

At the end of May 2025, Jio's total subscriber base

## STEADY GROWTH

stood at 475.11 million as compared to 472.41 million at end of April.

Airtel's subscriber base at the end of May was 390.25 million (389.97 million in April), Vodafone Idea's was 204.44 million (204.71 mil-

lion) and BSNL's was 90.77 million (90.9 million).

Airtel added 182,458 fixed wireless access (FWA) customers in May, though Jio reported a decrease of 286,331 FWA customers in the month.

Trai's report clarified that this dip was on account of the telco modifying the categorisation of FWA and fibre-to-the-home (FTTH)/home broadband customers.

Essentially, some of its existing FWA customers now reflect under the FTTH heading.

As a result, Jio's FWA base now stands at 5.85 million (compared to April's 6.14 million) and Airtel is at 1.54 million (1.36 million). The total FWA base in the country in May was 7.4 million. Jio continues to be the sole telco to have a rural presence in this space.

Overall, the mobile subscribers base rose by 1.66 million to 1.168 billion in May, according to data released by Trai.

## FROM THE FRONT PAGE

# ‘Big deal’ coming, says Trump

THE US IS also seeking markets for its genetically modified food products. India on its parts has not allowed cultivation and sale of any genetically modified crop domestically despite pressure from multinationals involved in their promotion.

Apart from agriculture, the US is seeking greater opening up of the Indian markets for its services and digital companies. India's interest is in getting lower duties on its labour intensive items of exports like textiles and leather.

India also has an interest in keeping the US market open for emerging areas of exports like electronics and smartphones, auto and auto parts, and engineering goods. In electronics, Trump has said that Apple and other companies

will have to pay 25% tariffs if they manufacture smartphones outside the US. These tariffs are yet to be imposed. Even in pharma — which is a major Indian export to the US — Trump has talked of increasing import duties.

The discussions between

India and the US are also focussing on reducing sector-specific tariffs on steel, aluminium and auto parts. On steel and aluminium, Trump has imposed 50% duties.

Even though India may avoid full implementation of reciprocal tariffs with the trade deal, the 10% baseline tariffs on its exports are likely to stay as the US did in its agreement with the UK. In the only agreement that the US has signed after the reciprocal tariffs, 10% baseline tariffs stay on the UK's exports to the US but tariffs on steel and aluminium have been removed.

An earlier deal between the US and China that was agreed in Geneva had faltered with both sides holding the other responsible for the breach of the agreement.

# JSW seals Akzo Nobel deal for ₹8,986 crore

“PAINTS AND COATINGS is one of India's fastest growing sectors. Akzo Nobel India is home to some of the most globally renowned brands like Dulux, International and Sikkens.

“We are excited to welcome them to the JSW family,” Parth Jindal, MD, JSW Paints, said. The total transaction value, which has been pegged at ₹9,400 crore, will include the stake purchase amount of ₹8,986 crore and an additional payout of ₹447 crore towards contingent considerations, JSW Paints said.

The acquisition will trigger the mandatory open offer,

which will be done at ₹3,417.77 per share — a premium over Akzo Nobel's closing price on Thursday.

Akzo Nobel NV had set in motion the process to sell its India paints business in October last year, drawing interest from most paint majors such as Berger, Pidilite Industries, Indigo Paints, Asian Paints and the Aditya Birla Group.

However, steep valuations saw most players opting out and only JSW Paints and a consortium of Advent and Indigo staying in the race.

In the end, though, it was JSW Paints that managed to seal the deal.
